**FURNITURE**

**FITTINGS**

**ACCESSORIES**

We at FFA ( furniture-fittings-accessories) specialise in providing excellent products in premium finish. We use the best available materials such as solid wood, exotic wood veneers and also offer the choice of 980 colour finishes.

Whether you are a developer, architect, carpenter, designer or an individual client, we can make sure that the product you order from us will be of the highest quality at best possible price.

FFA manufacture and supply kitchens, wardrobes which you can select from our catalogue. We will be happy to assist with more bespoke requirements as well. Our range of acoustic and decorative panels is stunning and comes in various sizes and finishes. Order your ironmongery products from our website.

We supply brands such as Blum, Hettich, Strong and many more.

With us you are in good hands as our focus is always on quality and excellence of craftsmanship which reflects our passion for well built furniture.

# WARDROBES

When it comes to beautifully designed and functional wardrobe space, you can be assured that we can manufacture and supply the best of the best.

Our wardrobe range can satisfy even the most sophisticated client. Select the style and finish and we will do the rest.

We supply wardrobes as in our catalogue or can design them based on your requirements.

# More space

inside your home

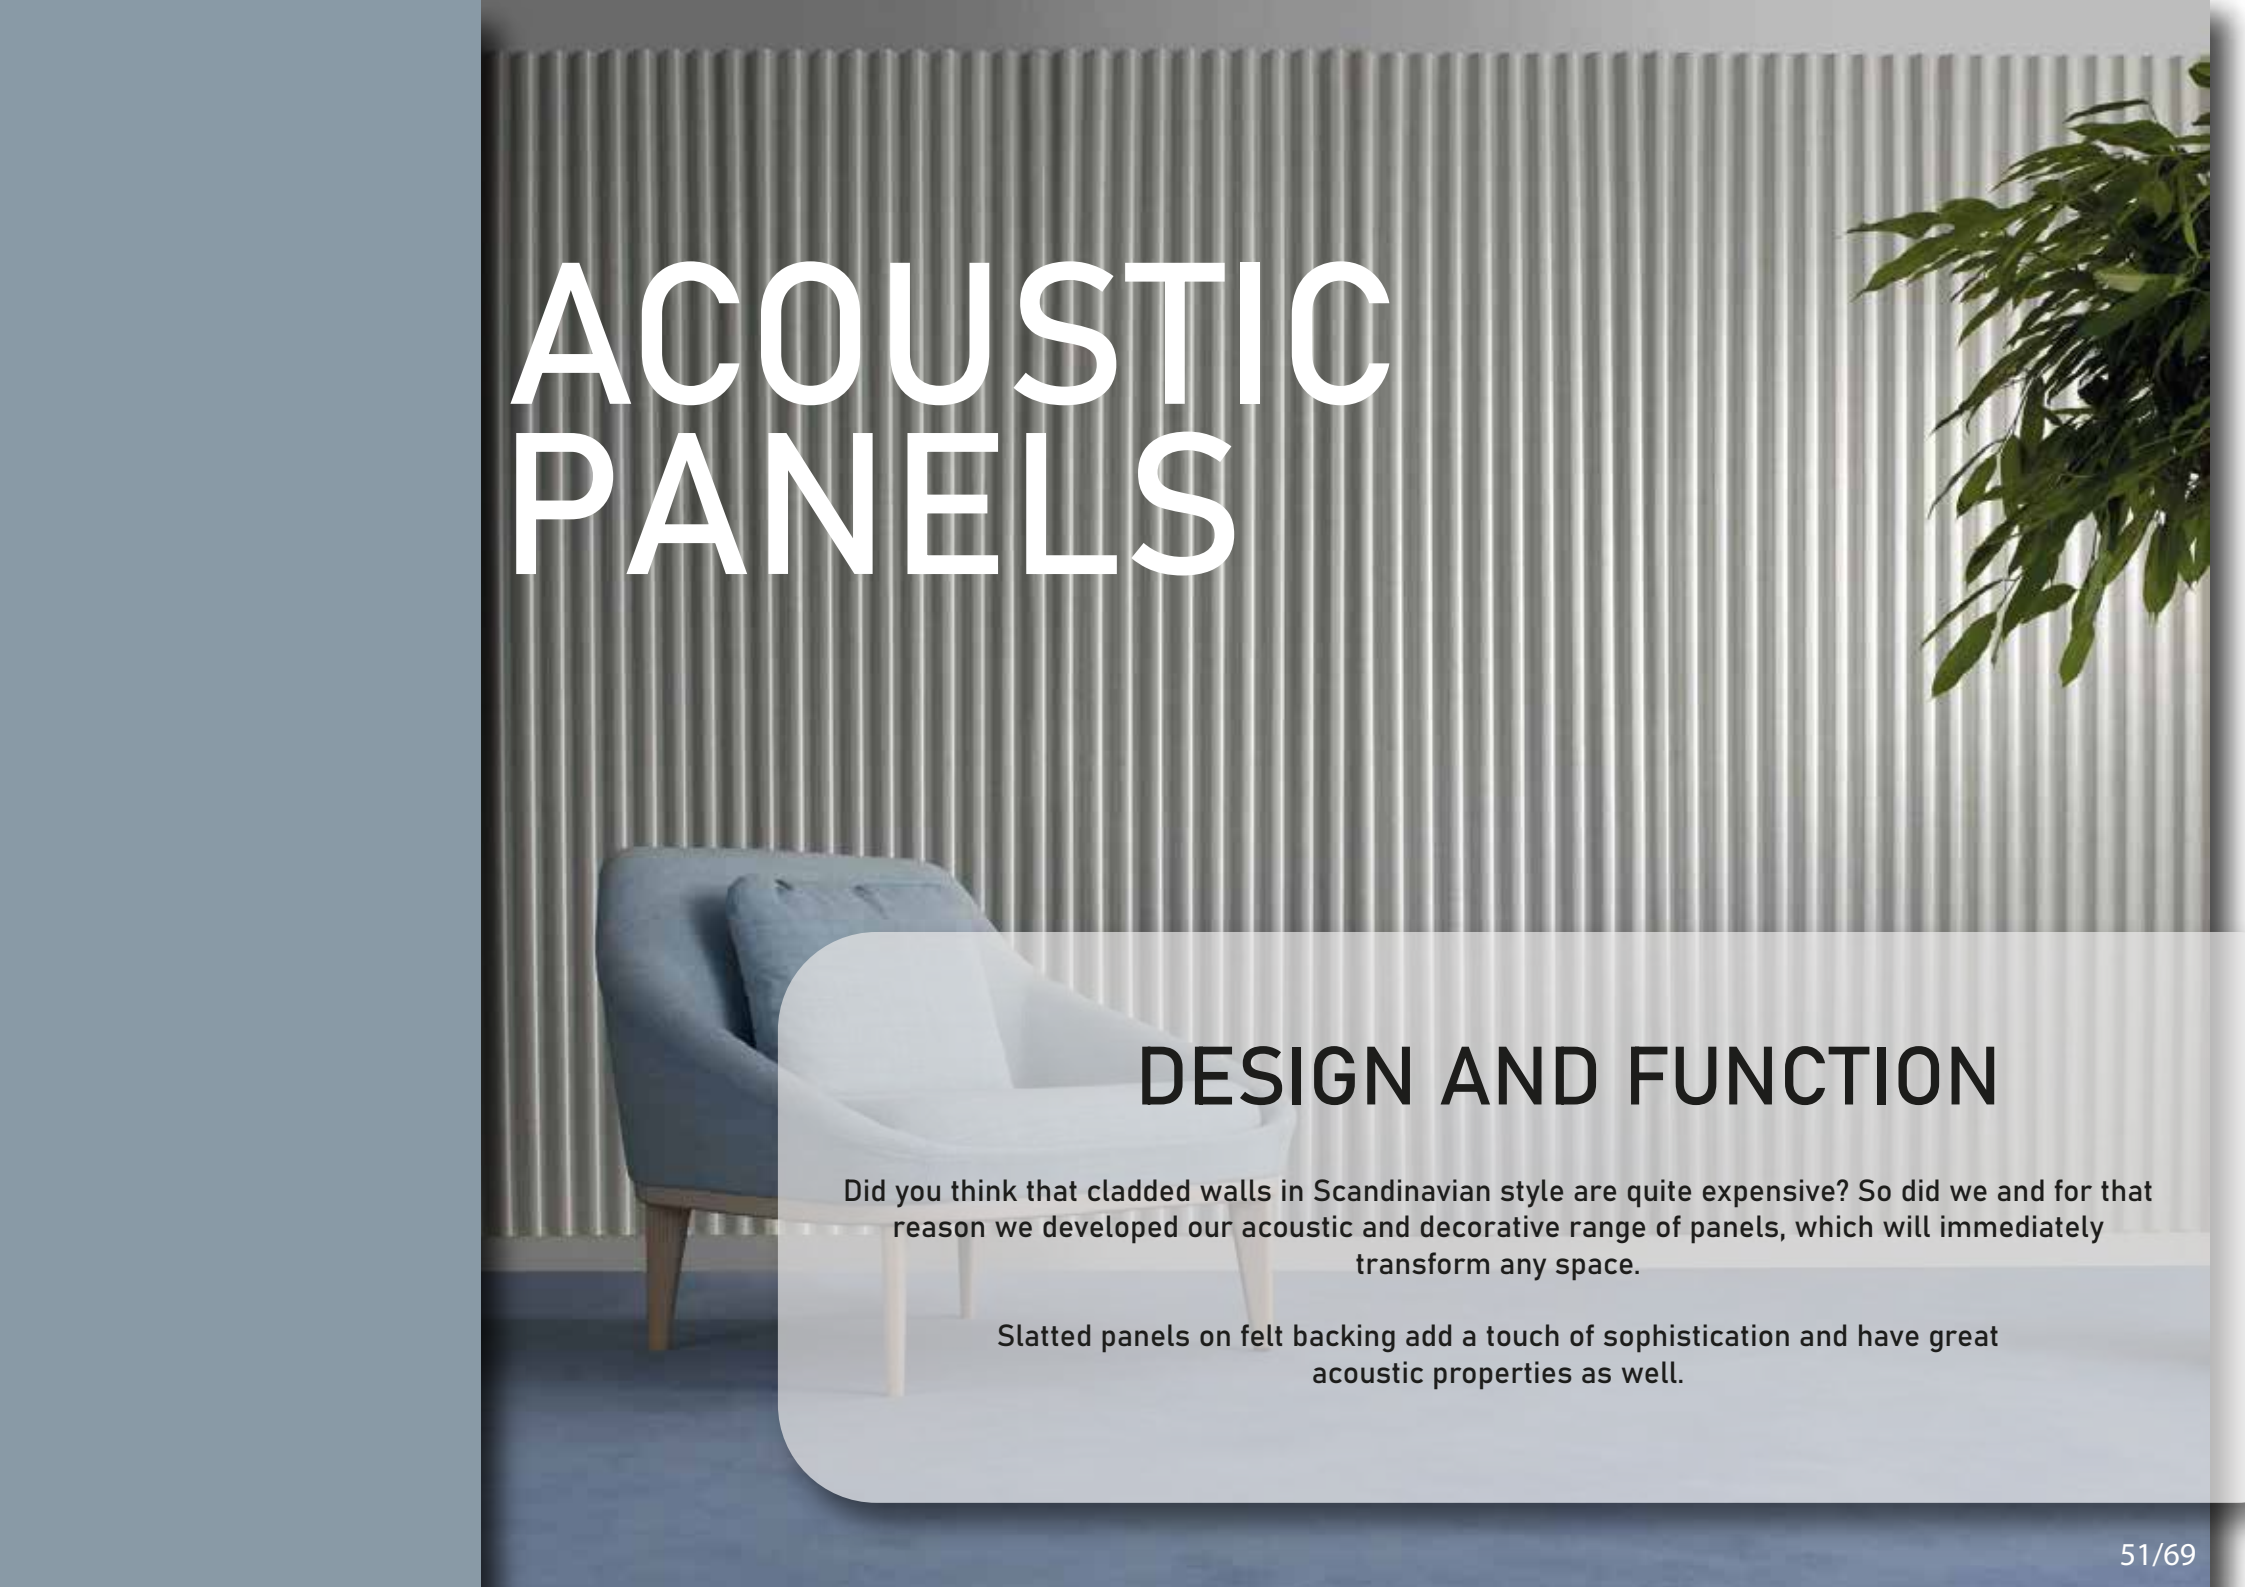

One of the best advantages of any bespoke furniture is gaining all that valuable storage.

If your wardrobes look outdated, then choose our option of cabinet door replacement.

# ACOUSTIC PANELS

## DESIGN AND FUNCTION

Did you think that cladded walls in Scandinavian style are quite expensive? So did we and for that reason we developed our acoustic and decorative range of panels, which will immediately transform any space.

Slatted panels on felt backing add a touch of sophistication and have great acoustic properties as well.

# ELEGANT AND SOUNDPROOF

Our materials are carefully selected to ensure the outstanding quality of finished product.

Easy installation, eco friendly materials, budget friendly. Wood veneer options range from natural oak to walnut, with colour option such as black, dark grey, red or per your choice. Panels are suitable for domestic and commercial use.

# PERFECT MATERIALS HANDLED WITH PERFECTION

Our range of decorative panels is simply stunning and skilfully crafted.  
In various thickness and profiles depending on type of use.

Our panelling range is stylish and modern and if that isn't enough we also offer a selection of flexible panels, so creating curved features will not be an issue anymore.

# PROFILES

## ACOUSTIC AND DECORATIVE PANELS

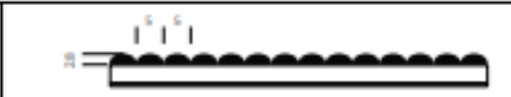

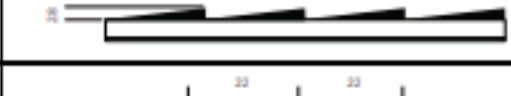

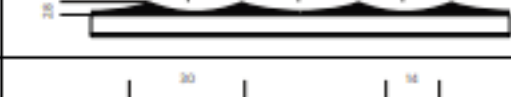

---

Suitable for walls and ceilings, our acoustic or decorative panels can convert any room into a stylish space very fast. The panels will come ready for an easy installation. Slatted panels on felt backing will transform the space and add a modern touch.

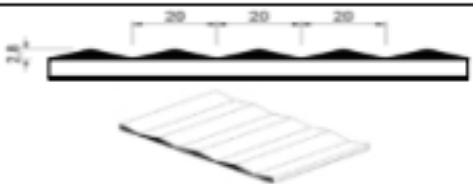

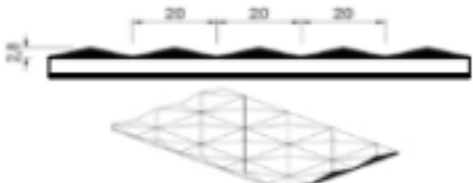

Our acoustic panels have high acoustic properties and are suitable for domestic or commercial use. We offer a wide range of Flexi panels, Solid panels, Bamboo panels and decorative panels created by innovative routing machinery to achieve chosen design.
